COMMODORE'S COMMENT

Congratulations to the 420 Nationals and YouthSail organising committee for a well run event. With the assistance of other CYA clubs (contributing boats and 55% of the volunteer base) the events were well received by visiting participants and Yachting NZ executives. Our website statistics show the positive influence these events have on Naval Point's profile. Three times the number of users generated five times the normal amount of traffic for the month, with a flow-on effect into May.

Unfortunately our bid for the 2007 Optimist Nationals was unsuccessful, with the event being awarded to Napier. This is particularly disappointing as two generations of Canterbury Opti sailors have missed the opportunity to have a Nationals in their region. Strategically Naval Point needs to be able to demonstrate to councillors and

marina developers the size of events we host for Canterbury.

The AGM is rapidly approaching on 28 June 2006, where I will be stepping down as Commodore. Members need to be considering who they want for their committee and as Flag Officers for the club. A nomination form is included in this newsletter.

It is great to see such good fleets in the Cardrona on Avon Winter Series. Using the same format as the Twilight Series, the sailors are certainly giving the event their support. Thanks to Graham Moffat, Mark Quail and Malcolm Ramsay on the social side of the series, and for providing us with a memorable closing day function.

Looking forward to seeing you on the water.

Dave Anderson
Commodore

Reminder: Please return all cups and trophies to Ross May at the club by Friday 9 June to be engraved. Prizegiving is likely to be held on last day of Cardrona on Avon Winter Series Sunday 25 June. Details to be confirmed... watch your email

MANAGER'S MUSINGS

Finally I get to go sailing! Dave insisted I stop saying “yeah” and actually do it, so I did the Sprint Series on *Forever Young*. It was a beaut day and I nearly cooked in my Coastguard issue orange mustang pants, but at least I was dry!

I dashed from side to side every time we tacked or gybed, letting out one runner and pulling the other in, and dealing to the back stay on the way past. I had a feeling I'd been set up, but that was nothing on the following week.

Last day of season arrived and, despite an email I'd been asked to send to all members stating that the race would be short, and despite the pouring rain and light wind, we were sent to Baleine Point.

On board *Smokey* my job was just to sit on the uphill side and watch the sea go past. Easy I thought. One time I was a bit slow getting up there, and my boots filled with water as the gunwhale disappeared under the green stuff. I must have complained too loudly... Victoria picked her moment and

dunked the railing I was clinging to until the sea was pouring in the top of my jacket. That will keep!

Coming home down-wind, “are you warm and dry?” she asked. “I'm warm” I said. Thank goodness for polyprop, and those orange pants really came in handy!

At least I had a good idea where the Baleine Point mark would be, having put it out myself in *Caroline Nicholson* a few times over the years.

Well, did I think the end of the season would be a quiet time? The financial year has just ended so there's those accounts to do, next year's handbook to collate, preparation for the AGM, a bunch of filing, and other stuff I saved for the “quiet time”. I'll keep chipping away at it, and make sure I make time for boating.

Enjoy the Cardrona on Avon Winter Series!

Heather McDonald
Club Manager

NORTH SAILS RACE CLINIC AT NAVAL POINT

This winter Crew.org.nz has teamed up with North Sails New Zealand to bring internationally renowned sailing author and coach Bill Gladstone to New Zealand. Bill's six city tour of New Zealand will encompass Auckland, Tauranga, Wellington and Christchurch.

An evening clinic will be held on Monday 31 July, 6 pm at NPCL.

Crew.org.nz Race Clinics are designed to give intermediate and advanced level sailors an edge on the racecourse. Taught by professional sailors and those at the top of their game, these clinics will benefit anyone who wants to achieve excellence in yacht racing.

Who is Bill Gladstone?

Bill Gladstone is the author and creator of the [North U](#) Racing Seminars on Racing Tactics, Sail Trim and Boat Speed. He started sailing at the age of ten, and has been teaching sailing since 1973. Graduates of his seminars number in the thousands. They are winning races the world over.

Bill focuses on the aspects of racing that make the biggest difference to performance: trim, tactics and boat handling. His program will be customised to the racing that occurs in each city and region:

The cost per person is **\$60**.

Pre-register your interest in North Sails Race Clinics, by registering with Ross May at the Club (ross.may@navalpoint.co.nz) or through Crew.org.nz

YOUTH SCHOLARSHIPS AND BOAT PRIZE

North Sails are giving away free attendance to this Clinic for two youth sailors and to a sailing team consisting of up to five people. You've just got to tell us why you deserve the free entry, more than anybody else! For details, visit Crew.org.nz and click on 'Race Clinics'. Entry closes on 1 July 2006 and is subject to terms and conditions.

CREW LIST

The crew list has been working really well over the summer. I have had lots of positive feedback from both yacht owners and crew alike, with many people on the list getting out on the water on a regular basis and even more people now with a permanent spot on a yacht.

The list has been completely updated over the last week. Everyone on the list at the moment is currently looking for a crewing position, and they are keen to sail the winter series! I update the list on a regular basis, so check it out on www.navalpoint.co.nz

If you or anyone you know would like to go on the crew list, just email me and let me know: viki.moore@xtra.co.nz

Happy Sailing!
Cheers, Viki Moore

EARTHTRACE

Lyttelton recently hosted *Earthrace*, New Zealand's challenger for the world record for circumnavigating the globe in a powerboat. *Earthrace* uses only renewable fuels.

Their program includes an 18-month tour calling at 60 of the world's great cities, promoting fuels like biodiesel, and raising awareness about sustainable use of resources.

Circumnavigating the globe represents the pinnacle of powerboat challenges, and at 24,000 nautical miles, is also the world's longest race. The current record of 75 days was set by British boat *Cable & Wireless* in 1998.

The *Earthrace* aims to smash this record by completing the voyage in less than 65 days, and will mark the first time in history that an official UIM Powerboat record will be attempted using renewable fuel.

The *Earthrace* will be the highest-profile powerboat in the world, as well as one of the greenest. It is a showcase of environmentally friendly technologies such as low-emission engines, non-toxic antifoul and efficient hull design.

It is also one of the coolest looking boats ever imagined. Check out their website for more information www.earthrace.net

MID WINTER SWIM

Mark it on your calendar now. June 25th. Time: 12 noon at Pile Bay

Club rescue boats will be available to take non boaters across.

If weather is bad the swim will be at Magazine Bay to the dinghy jetty, then to the club house for a warming shower and hot toddy.

Warren Price is the organiser. Ph 03 942 1069 for additional info. Brrrrrr!

NPCL WINTER COURSES (DRAFT)

The Club is offering a range of courses for members and supporters over the winter months. These courses are aimed at helping members enjoy their sailing at Naval Point.

Seamanship

So you want to go to the Sounds October/November (date TBC)

One evening, introduction to coastal trip preparation *Geoff Wright*.

VHF 6 July 1900 hrs @ NPCL
Peter Marshall (of Canterbury Maritime Training) \$25

Marine Medic July (date TBC)

Club Volunteers/Supporters

Club Instructors YNZ 4 to 6 August @ NPCL

Race Management

a) On Shore Sat 16 September 1000 hrs @ NPCL

b) On Water Sat 23 September 1000 hrs @ NPCL

c) Sailwave Results Sat 9 September 1000 hrs @ NPCL

Rescue Boat (RYA Certificate) Sat 2 September 0900 hrs @ NPCL

Club Coach YNZ October (date TBC)

Race Clinics

North Sails Race Clinic 31 July 1800 hrs @ NPCL

Bill Gladstone \$60.00

Judges and Competitors Rules Clinic Sat 19 August 0900 hrs @ NPCL

While some of the courses are designed to help our volunteers provide the services that members need and others provide the skills and information needed for us to enjoy our sport, it is hoped that all club members will take the opportunity to increase their understanding of, and participation in, the opportunities that the Club offers.

The Club would also be interested in organising a range of courses, depending on interest? Some of the courses possible are:

- Boatmaster
- Dayskipper
- Intro to Sail Cruising
- Competent Crew
- Practical Boat Handling
- GPS
- Outboard Maintenance
- Powerboat

If you have an interest in any of the courses listed above please register interest with Ross May at NPCL. Phone 328 7029 (Day) 329 4639 (Evenings)

Or email membership@navalpoint.co.nz subject: NPCL Winter Courses.

Note: a cost recovery fee may be required.

VHF Radio Course Thursday 8th June 6pm to 9pm at Canterbury Coastguard HQ.

All welcome but please phone and book in as numbers may be limited.

Phone Mike Rossouw 389 9259

MANDER YACHTING TRUST'S 2005/06 CANTERBURY YACHTING AWARDS DINNER

NAVAL POINT CLUB NOMINATIONS

CANTERBURY DINGHY SAILOR OF THE YEAR

Murray Philpott

National A div Catamaran Champion 2006. International success.

A principal member of the YouthSail Organising Committee. Wayne has the experience and dedication to ensure that this complex event was well organised before the event and then well managed during the event.

Manager of the Academy 420 programme which took eight crewmembers absolutely new to double handed dinghy sailing and produced competent and competitive sailors with enthusiasm.

Canterbury Club Coach / Instructor

Alister Rowlands

Academy 420 coach

Canterbury and Club Optimist coach.

CLUB EVENT OF THE YEAR

YouthSail

A high Standard National event for 80 very competitive young sailors to select the New Zealand Youth Team for the World Youth Championships.

The event required high standards of planning and management, utilised the best equipment and human resources available in Canterbury. The event was a resounding success, running very smoothly and satisfying even the most demanding of those involved.

420 Nationals

A very significant event in its own right with 36 double-handed boats racing for a National Championship. The event also started the week long regatta which included YouthSail.

Farr 6000 New Zealand Championships

An event run to the best of standards by a class endeavouring to regain National status.

HAKU II CAPTAIN'S LOG

Sue Stubenvoll & Ken Livingston

21 May 2006

We're on our way! Left Lyttelton just after 1pm on 14/5 and sailed 16 hours from berth to rounding Cape Campbell, instead of usual 24. Avgd 8+ kn with a top speed set by speedy gonzales at 15.5 kn! I 'only' got 13.2 knots. Forecast was SW 25-35 but started to get 40+ knot gusts north of Kaikoura and for last 6+ hours before Campbell had solid upper 40's gusting 50+. Seas ran well, breaking foam rather than green so, though we rounded up several times + a couple of chinese gybes, had some incredible and very safe surfing ... something it's good to have done but wouldn't choose to repeat. Dawny, #3 watch, managed brilliantly.

Once round corner headed for Port Underwood since Cook forecast was S 40 kn but found a balmy, sunny day with E 15-20 knots and tide behind us, so headed for Ship's Cove via a rolly Tory Channel entrance. Bailed out

gallons of water, ate and slept! Only damage is one batten when main caught in a running backstay while putting in a downwind reef.

Left after 24 hrs with forecast Stephens = GaleW + SW 35 .to find flat calm so motored in W3 kn! At least Met's 'average' was right! Mt Egmont magnificent with half snow + blue skies. Christened new reel with an albacore = sushimi!

Rounded Cape Reinga at HW so v calm and spent a lovely quiet night in Spirit's Bay where we toasted 'all those spirits that have departed these shores'. Made an early start Sat am making for Whangaparoa but light winds slowed passage. Met an inky black squall of 25 kn and running on empty so flew into Doubtless Bay and anchored in Hihi Bay at dusk. Today is a 'rain day'.

Love K&S

WANTED: YACHT TO LEASE FOR 6 MONTHS

We are a couple who love sailing but we're not sure whether we will enjoy living aboard a yacht and sailing it further afield. So we'd like to lease a yacht of between 28' and 35', for about 6 months starting as soon as possible. If you have or know of someone who has such a yacht to lease please call Jenette on 328 7357 (home) or 328 9566 (work).

Canterbury Trailer Yacht Squadron Inc

CTYS 40TH ANNIVERSARY LUNCHEON

12 noon Sunday 23rd July at Naval Point Clubrooms
Followed by prize-giving at 3pm.

NOTICE OF ANNUAL GENERAL MEETING

The Annual General Meeting of the CTYS will be held at the Naval Point Club Lyttelton on Tuesday 6th June 2006 at 7:30 pm.

AGENDA

1. Apologies
2. Minutes of the last AGM
3. Matters arising
4. Notice of General Business
5. Commodores report
6. Treasurers report
7. Membership Report

P.T.GOOSEY LTD

Master Painter
and
Abrasive and Non-Abrasive Blasting
www.ptgoosey.co.nz

PT Goosey Ltd, have been **Master Painters** for the last 55 years, and now can offer a wide range of new services, through the purchase of:

- A **Mobile Garnet and Soda Blasting** Unit, for preparing steel and concrete surfaces.
- A **Graco Mark V Airless Spray** mud pump, for **Specialist coating** applications including **Intumescent Coatings**.

We can now offer complete solutions for **Blasting** and **Specialised Coating** needs by:

- Provision of revolutionary blasting preparation methods.
- Consultancy on best paint applications through **Resene** and for more specialised work **Altex Coatings, and Firepro**.
- Paint application by experienced tradesmen and the best of **airless spray** application equipment.

SODA & GARNET BLASTING

Blasting is generally a more cost effective method of cleaning or stripping materials for painting.

Attached is some before and after shots showing the effectiveness of **Garnet Blasting**, which is an **abrasive** blasting method.

Soda Blasting is a **Non-Abrasive** solution that will not damage **rubber trimmings or seals, hydraulic hoses, couplings, moulds, trimmings or glass**. The system is non-polluting and not harmful to either the environment or humans

We will assess your requirements and choose for you the most appropriate Blasting method.

Resource Consent has been obtained for our blasting methods.

Call us for a free assessment and quote for your Blasting and Specialised Painting application needs

For further information please visit our website: www.ptgoosey.co.nz

I will contact you shortly to answer any further questions you may have about our company's services.
