

Wild weather and prizegivings

After reporting in the last newsletter we had survived a storm with minimal damage, we experienced a worse one which resulted in 2 boats going down in the marina. Salvage operations are currently way.

We're into prize giving season and the Trailer Yacht Squadron enjoyed a very successful champagne breakfast last Sunday. Irene Hawke was presented with Squadron life membership in recognition of her many years of service to the Squadron

A few hardy souls braved the sleet and competed in the Winter race in the afternoon. There was a noticeable increase in rum consumption at the after race function.

Trailer Yacht Clinic

There are still places available for this clinic next Saturday.
 Please let the office know if you are planning to attend.

Starting at 9am, experienced trailer yachties will take participants through a wide range topics of interest to newer members. In the afternoon, weather permitting, we'll take some boats out on the water and look at sails, rigs and what makes them go.
 We have a lot of class specific expertise as well as basic boat setup and handling knowledge available.
 If you are new to the sport or just looking to brush up your basic skills, this is the event for you. Bring your boat and crew. The event will be on regardless of weather conditions.
 Charge is \$20 per head.
