Racing Rules Quiz.

The Diagram shows two pairs of boats starting a race.
 The start signal is made as the boats reach position 5 (all four boats are just behind the line when the signal is made).
 In both cases the windward boats (Yellow and Grey) have problems with the leeward boats.
 In each case what should happen next and have any rules been infringed?

Last week's answers;
www.navalpoint.co.nz/NPnews/Racing Rules Quiz70708.pdf

Dates for the diary

Opening Day Sat 4 October

Barn Dance at the Club Sat 18 October
Tickets from the office \$20/head

International Talk Like a Pirate Day is this Friday, September 19th.

It's a tossup between International Talk Like a Pirate Day and the founding of the Mount Gay distillery (1703) as the most important events in our beloved sport. OK, maybe that yacht race back in 1851 makes the list... Arrrrrr!"

Mystery Location—solved!

This game is obviously easier when the pictures are up to date. A large number of correct entries was received. —it was taken from the summit of Quail Island (86m), looking towards Teddington/Gebbies Pass. King Billy Island on the left.

Congratulations to laean Cranwell who was very quick off the mark with the first correct answer.

First Aid Course

The 1 Day refresher course is scheduled for Sat 27 Sep. You will be contacted individually if you have expressed interest. Still places available—contact the Office.

The full course arrangements are still in progress.

Friday Happy Hour

Open from 5:30pm.
 Special low prices on beer and house wines.
