

Summer is here!

At last a spell of settled weather has arrived. The Club has been busy both at the weekend for the usual racing days and during the week as boat owners grabbed the opportunity to take to the harbour. The afternoon easterly sea breeze has made for some great sailing while the calm mornings encouraged the power boaties. Looks like it will continue through next weekend.

Stolen Property—keelboats

Detective Ford advises that a lot of the marine gear recently recovered appears to have come from keelboats. We are aware of a number of break-ins to boats on moorings in the Cass Bay area in the past year. If your boat was one of these or you know someone who had a problem, please contact Det. Michael Ford Ph 378 0204 as the police have recovered a quantity of materials likely to have been taken from this area.
